ACCOUNTING PROJECTS

Individual Income Tax Return Case Study | ACC 4140

2026

Academic project - 2025 federal individual income tax return

- Prepared a comprehensive Form 1040 case for a sole-proprietor CPA business, integrating Schedule C business income, deductible expenses, estimated payments, and supporting schedules.
- Applied Form 4562 depreciation concepts (Section 179, MACRS, listed property, and bonus depreciation), calculated self-employment tax on Schedule SE, and evaluated the QBI deduction using Form 8995.

Etsy Audit Risk & Planning Analysis | ACC 4120

2026

Team project - public-company audit planning

- Analyzed Etsy's audit environment, historical audit opinions, critical audit matters, audit fees, and significant financial-reporting risks.
- Assessed inherent, control, and detection risks; identified revenue and accounts receivable as key audit areas and developed procedures including control testing, transaction tracing, cutoff testing, reconciliations, and subsequent-cash review.

PROFESSIONAL EXPERIENCE

Amazon | Associate / Learning Ambassador

May 2024 - Present

Trainee

Tracy, CA

- Support fulfillment operations through inventory handling, order processing, warehouse organization, and safety procedures; developing toward a Learning Ambassador role by helping train new employees on job expectations and procedures.

Liquor Store | Manager

Nov 2022 - May 2024

Martinez, CA

- Managed daily operations, inventory, financial transactions, sales and expense records, vendor relationships, customer service, and staff supervision.
